## NASA Solutions for Enterprise-Wide Procurement (SEWP) VI

NASA SEWP VI Solutions for Enterprise-Wide Procurement Contract Holder

NASA SEWP VI is a GWAC managed by NASA that provides Federal agencies with access to the latest IT products, product-based solutions, and services. As a SEWP VI contract holder, Mindboard offers agencies a fast, flexible, and compliant procurement pathway for mission-critical technology needs.

Through Categories B and C, Mindboard delivers enterprise-wide and mission-focused IT solutions spanning hardware, software, cloud computing, cybersecurity, AI/ML, data analytics, application modernization, DevSecOps, systems integration, and managed IT services. Backed by proven federal experience, our team delivers secure, scalable, and innovative solutions aligned with agency requirements, compliance standards, and mission objectives.

## GWAC

**GWAC/IDIQ Contract#:**
80TECH26D1508 [SBA Small, 8(a)]
**NAICS:** 541512 (Primary) 541511, 541513, 541519

**Category B - Enterprise-Wide ITC/AV Service Solutions** — enterprise-scale IT, integration, managed services supporting agency-wide operations

**Category C - Mission-Based ITC/AV Service Solutions** — engineering, integration, and IT services.

**SEWP SURCHARGE:** 0.34%
**ORDERING PERIOD:** Nov 1, 2026-Oct 31, 2036 (10 Years)

## Scope

NASA SEWP VI provides federal agencies with access to a wide range of IT products and services. Mindboard is qualified to support agencies across the following capability areas:

- Data Engineering, Analytics, BI, and Data Governance
- AI/ML, Generative AI, and Intelligent Automation (RPA)
- Application Development, Modernization, and Systems Integration
- DevSecOps, CI/CD, and Platform Engineering
- Enterprise Architecture, ERP, and Digital Transformation
- Cloud Computing, Migration, and Infrastructure Services
- Cybersecurity, Zero Trust, and Compliance Solutions
- Enterprise Content and Records Management, and Digitization
- IV&V, Software Testing, Quality Assurance, and Emerging Technologies
- IT Operations, Managed Services, and Technical Support
- Networking, Telecommunications, and Collaboration Tools
- IT Hardware, Software, Licensing, and Peripherals
